Assembly Instructions

Parts required

A		3pcs
B		4pcs
C		16pcs

NOTE:

Customer must remove screws **C** before beginning assembly as instructed below.

1. This assembly requires two people. Take off all parts from carton carefully.
2. One person hold two metal poles (B), the other person attach metal shelf (A) to metal poles (B) by screws (C). Then the other metal poles (B) attach to metal shelf (A). Do not tighten.
3. Repeat the same step on the other metal shelves.
4. Adjust stability and tighten all screws. Your metal shelf stand is ready for use.
