

# Assembly Instructions

## CAUTION:

Read instructions carefully and turn electricity off at main circuit breaker panel before beginning installation

## WARNING

All wires are connected. When unpacking the box, be careful not to pull on the wires, As a bad connection may result. Do not connect electricity until lamp is fully assembled. Unpack and place all parts on a surface or floor.

## ASSEMBLY INSTRUCTIONS:

- 1) Place the lamp on a level surface.
- 2) Screw Threaded Rod into the Socket assembly.
- 3) Put the Washer onto the Threaded Rod.
- 4) Place the Shade over the end of the Threaded Rod and screw on the Finial securing the shade in place.
- 5) Insert bulb (not included) into the bulb socket.

**Recommended (2) 60-watt standard base on/off bulbs or (2) 10-watt standard base LED bulbs (Bulbs not included).**

## Important Safety Instructions:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If it does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted.
