

HANGING INSTRUCTIONS FOR BALLOON PANEL

- 1) Place balloon panel on a flat surface so that you are looking at the reverse side.
- 2) From the bottom of the panel, start threading the small clear ring onto the large split ring.
- 3) Keep threading rings until desired height has been achieved.
- 4) Repeat this procedure with other rows, making sure to stop at the same positions.
- 5) You are now ready to hang your panel.

***Please Note:** 6 split rings are enclosed. 5 are needed to adjust this panel. An extra ring is included in case of loss or breakage.
