

Assembly Instructions

Caution

Read instructions carefully and turn electricity off at main circuit breaker panel before beginning installation

WARNING

All wires are connected. When unpacking the box, be careful not to pull wires

As a bad connection may result Do not connect electricity until the lamp is full assembled.

Unpack and place all parts on the floor or surface.

ASSEMBLY INSTRUCTIONS:

- 1) Place the lamp body (C) on the floor.
- 2) From the base (G) take out E12 socket (A), install the 7W max. nightlight bulb (B) into the E12 socket (A).

Bulb is included. After placing the bulb, secure it with the socket clip.

- 3) Install the bulb (D)(bulb not included) into the socket.
- 4) Put the glass shade (E) into the body (C) and secure the glass.
- 5) Put the glass shade (F) into the metal ring (H).

Recommended (1) 60-watt standard base on/off bulb or (1) 10-watt standard base LED bulb (Bulb not included).

Important Safety Instructions:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If it does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician.

Never use with an extension cord unless the plug can be fully inserted.
