

## Assembly Instructions

### Parts required

A		1pc	D		1pc	G		1pc
B		1pc	E		4pcs			
C		1pc	F		5pcs			

1. Remove all parts from the carton. Do not throw any away by mistake.
2. Place Table Top (A) on a clean, flat surface. Connect the support leg (B) to the tabletop (A) using a flat washer (F), bolt (E), and hex wrench (G).
3. Connect the support leg (C) to the tabletop (A) using a flat washer (F), bolt (E), and hex wrench (G). At the intersection of the two legs, connect with a flat washer (F), bolt (E), and hex wrench (G).
4. Straighten the table, tighten all legs and adjust stability. Your hexagonal table is ready for use.
