

Assembly Instructions

CAUTION:

Read instructions carefully and turn electricity off at main circuit breaker panel before beginning installation.

WARNING:

All wires are connected. When unpacking box, be careful not to pull wires. As a bad connection may result. Do not connect electricity until lamp is fully assembled. Unpack and place all parts on a flat surface or floor.

ASSEMBLY INSTRUCTIONS:

- 1) Place the lamp on a flat surface.
- 2) Remove the Socket Ring from the Socket Assembly.
- 3) Place the Shade onto the Socket Assembly, then secure with the Socket Ring.
- 4) Insert bulbs (not included) into the bulb socket.

Recommended (2) 60-watt standard base on/off bulbs or (2) 10-watt standard base LED bulbs (Bulbs not included).

Important Safety Instructions:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If it does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted.
